It's easy to plug into TexShare!

TexShare is accessible at your library or from your home or office.

It's as simple as Plug-and-Play:

1. Just sign up at your library for TexShare access.
2. Then ask your librarian to show you how to plug into the power of TexShare for all your information needs.

TexShare turns your computer into the anytime, anywhere library.

TexShare is offered as a public service of Texas libraries and the Texas State Library and Archives Commission.

TexShare databases are available exclusively for Texas library users. Any other use is expressly prohibited.

You've got questions:

- Where can I find the latest breaking news for my research project?
- What's the distance from the Earth to the sun?
- Which Texas city had the sparsest population in 1880?
- How can I get financial information on companies?
- Where can I find information on treating asthma?

TexShare has the answers.

TexShare gives you *immediate* access to online databases with full-texts of literally thousands of publications, including periodicals and reference books, plus archives, research collections, and other subscription-only collections.
